- Processor: 1 GHz processor needed
  - RAM: Enough for patching
  - Disk space: At least 64 GB

## **Microsoft Office supports students and professionals in work and creative tasks.**

Globally, Microsoft Office is recognized as a leading and reliable office productivity suite, featuring all necessary resources for efficient management of documents, spreadsheets, presentations, and more. Appropriate for both work environments and routine tasks – at home, during school hours, or at work.

## **What's included in the Microsoft Office bundle?**

### **Microsoft Publisher**

Microsoft Publisher is a cost-effective and easy-to-use desktop publishing program, that is focused on creating professional-looking printed and digital materials avoid employing difficult graphic programs. Unlike conventional text manipulation programs, publisher provides improved control over the placement of elements and overall design. The software includes a broad collection of ready templates and adjustable layout configurations, allowing users to instantly commence work without design background.

### **Microsoft Teams**

Microsoft Teams provides a multifunctional solution for communication, collaboration, and video meetings, engineered as a scalable solution for teams of any size. She has become a fundamental part of the Microsoft 365 ecosystem, offering an all-in-one workspace with messaging, calling, meetings, file sharing, and service integration features. The main vision of Teams is to provide users with a single digital interface, the platform for chatting, task coordination, meetings, and document editing, all within the application.

### **Power BI**

Microsoft Power BI is a strong platform for business analytics and visual data representation

intended to convert fragmented data into understandable, interactive dashboards and reports. This platform is designed for analysts and data practitioners, aimed at casual consumers who need user-friendly analysis tools without advanced technical understanding. Power BI Service cloud enables simple and efficient report publishing, refreshed and accessible worldwide on multiple devices.

## **Skype for Business**

Skype for Business is an enterprise-level platform for communication and online teamwork, that encompasses instant messaging, voice/video communication, conference calls, and file sharing tools within a consolidated secure solution. Based on classic Skype, but refined for business communication, this system furnished businesses with tools for efficient communication within and outside the organization in light of corporate security, management, and integration standards with other IT systems.

- Patch download bypassing server-based license verification
- Offline crack installer requiring no internet connection
