## **Microsoft Office is a powerful, versatile suite for work, learning, and artistic projects.**

Microsoft Office remains one of the most popular and trustworthy office software packages globally, offering all the tools required for productive management of documents, spreadsheets, presentations, and other functions. Designed for both professional use and everyday purposes - while at home, in school, or on the job.

## **What is included in the Microsoft Office subscription?**

### **Microsoft Outlook**

Microsoft Outlook is a dynamic email client with integrated personal organizing features, designed to enhance email handling efficiency, calendars, contacts, tasks, and notes in a versatile interface. He has long been recognized as a reliable means for corporate communication and planning, notably in the corporate world, where efficient time use, clear messaging, and team integration are essential. Outlook provides a wide range of tools for email handling: from filtering and categorizing emails to automating replies and defining processing rules.

### **Microsoft OneNote**

Microsoft OneNote is a virtual digital notebook created for swift and simple gathering, storing, and organizing of any thoughts, notes, and ideas. It offers the flexibility of a traditional notebook along with the benefits of modern software: this is the place to type text, insert images, audio, links, and tables. OneNote is suitable for personal notes, educational purposes, work, and shared projects. When integrated with Microsoft 365 cloud, all data automatically syncs across devices, enabling universal data access, anytime and anywhere, whether via computer, tablet, or smartphone.
