Microsoft Teams

Microsoft Teams is an integrated platform for communication, teamwork, and virtual meetings, engineered as a scalable solution for teams of any size. She has emerged as a pivotal component of the Microsoft 365 ecosystem, combining chats, calls, meetings, file sharing, and integration with other services in a single workspace. The key concept of Teams is to offer a unified digital center for users, where you can interact, plan tasks, hold meetings, and edit documents collaboratively—all inside the app.

Microsoft Visio

Microsoft Visio is an expert-level application for designing various diagrams, schematics, and visualizations, that is utilized to illustrate detailed data in an understandable and organized fashion. It is a must-have for demonstrating processes, systems, and organizational structures, technical architecture or drawings of IT infrastructure depicted visually. The program includes a diverse library of ready-to-use elements and templates, which are easy to reposition on the workspace and connect, crafting coherent and easy-to-navigate schematics.
