- Disk space: At least 64 GB

Microsoft Office provides a comprehensive set of tools for work and study.

Worldwide, Microsoft Office remains one of the most popular and reliable office software, featuring all the tools needed for efficient handling of documents, spreadsheets, presentations, and other work. Ideal for both demanding tasks and simple daily activities – during your time at home, school, or at your employment.

What is included in the Microsoft Office subscription?

- **Embedded images in Excel cells**

Lets users visually enrich spreadsheets by placing images directly into individual cells.

- **Images in Excel cells**

Makes it easy to visually enhance spreadsheets with embedded images.

- **One-click data sorting**

Quickly organize and filter spreadsheet content in Excel.

- **Excel-Access interoperability**

Preserves structure and data when transferring between platforms.

- **Live captions in PowerPoint**

Add subtitles during presentations to improve accessibility.

Skype for Business

Skype for Business is a corporate online platform for messaging and remote collaboration, combining instant messaging, voice/video calls, conference calls, and file sharing tools in the scope of one secure method. Crafted as an extension of Skype, optimized for enterprise communication, this system allowed companies to facilitate internal and external communication effectively based on the company's guidelines for security, management, and integration with other IT systems.

Power BI

Power BI is an influential platform by Microsoft for business analytics and visual data insight aimed at transforming loose information into structured, interactive reports and dashboards. The tool is designed for analysts and data specialists, for common users seeking user-friendly analysis tools without requiring detailed technical knowledge. Power BI Service makes publishing reports quick and easy, refreshed and reachable globally on different devices.

Microsoft PowerPoint

Microsoft PowerPoint is a highly regarded program for creating visual displays, blending simplicity with advanced features for professional design and delivery. PowerPoint is beneficial for both entry-level and experienced users, employed in the areas of business, education, marketing, or creativity. The software provides an extensive collection of features for insertion and editing. text, images, tables, charts, icons, and videos, to facilitate transitions and animations.

- Patch installer disabling forced online activation prompts
- License key injector supporting multiple activations per license
- Offline crack supporting multi-user activation
- Keygen generator for all popular software versions
